G10B

Bi-Angular® Multi-Station Gym

The G10 comes with the Perfect Pec™ Station. Equipped with swivel arms, adjustable range of motion, and designed for both unilateral and bilateral movements so you can get the maximum stretch for deep muscle toning.

The Seated Leg Curl/Leg Extension Station was designed with adjustable cams to precisely fit the exercise to the user. Round out your workouts on the High, Mid and Low Pulleys with Lat Pull Downs, Weight Resistance Crunches, and Standing Bicep Curls.

The extra thick DuraFirm™ padding, lumbar support, 2x3 steel framing, and two 210 lb. weight stacks allow multiple fitness enthusiasts to exercise in comfort and safety simultaneously. The G10 offers over 50 different exercises, making your workouts anything but routine. Shown with optional aluminum pulleys.

Assembled Dimensions: 72"L x 99"W x 83.5"H
