

## NGRF1 & NGRF2 Group Functional Racks

**Add Safe Storage of your Weights, Dumbbells, Kettlebells, Medicine Balls and Fitness Accessories By Using One or More NGRF Group Functional Storage Racks.**

Compact, versatile and built with a rock-solid frame, these Group Functional Storage Racks are designed to keep your freeweight gym areas clutter-free, safe and tidy.

The NGRF's unique and versatile design provides five-tiers - each, height-adjustable to suit user storage requirements by positioning each shelf in one of 24 locking points. These racks also come with Five Storage Hooks -  
- Ideal for Storing Battle Ropes and other Gym Accessories

The base tier is equipped with three vertical dividers for storing Olympic/Standard Weight Plates.
